Objective

B.E. Computer Science Engineering graduate (May 2026) from K.N.S Institute of Technology, Bangalore, with hands-on experience in full stack development using HTML, CSS, JavaScript, Node.js, and Java. Passionate about building scalable, user-friendly web applications and eager to contribute as a Full Stack Developer.

Education

K.N.S Institute of Technology — Bangalore, India
B.E. Computer Science Engineering — *May 2026*

Presidency PU College
Pre-University (PU) — *2022*

St. Anne's High School
SSLC — *2020*

Internship

Full Stack Java Developer Intern — Bangalore, India
Cloud Institution

- Built full stack web applications using Core Java, Spring Boot, and RESTful APIs.
- Developed responsive front-end interfaces with HTML, CSS, and JavaScript integrated with Java backends.
- Worked with MySQL for database design, CRUD operations, and Git-based version control.
- Contributed to live project modules covering user authentication, session management, and API integration.

Projects

To-Do List App | *HTML, CSS, JavaScript, localStorage* | Live Demo

- Task manager built with HTML, CSS, and JavaScript supporting full CRUD operations.
- Uses localStorage for browser-side persistence, ensuring tasks are retained across sessions.

Skill-Up (LMS) | *HTML, CSS, JavaScript, localStorage* | GitHub

- Smart Student Management platform with real-time analytics and interactive learning features.
- Tracks Attendance, Courses, Assessments, and Performance in one platform with Student and Admin portals.

Chat Application | *Node.js, Express, Socket.io* | GitHub

- Real-time messaging platform using Node.js, Express, and Socket.io for multiple concurrent users.
- Features live online status indicators and typing notifications.

Advanced Drone Detection System | *Python, ML, OpenCV, Flask* | GitHub

- Detects drones in restricted airspace using Machine Learning and OpenCV.
- Triggers real-time alerts via a Flask server dashboard.

Technical Skills

Languages: Java, JavaScript, HTML5, CSS3, SQL, Python (basic)
Frameworks & Libraries: Node.js, Express.js, Socket.io, Spring Boot (basic), OpenCV, Flask
Tools & Platforms: Git, GitHub, VS Code, MySQL, REST APIs
Concepts: Full Stack Development, OOP, Responsive Web Design, RESTful APIs, Version Control, Machine Learning

Certifications

Oracle Certification | IBM – Data Science | TATA – Data Visualisation | EBSCO Certification

Languages & Hobbies

Languages: English, Hindi, Kannada
Hobbies: Watching Movies, Gaming
