OBJECTIVE

B.E. Computer Science Engineering graduate (May 2026) from K.N.S Institute of Technology, Bangalore, with hands-on experience in full stack development using HTML, CSS, JavaScript, Node.js, and Java. Passionate about building scalable, user-friendly web applications and eager to contribute as a Full Stack Developer.

EDUCATION

B.E. Computer Science Engineering — K.N.S Institute of Technology, Bangalore May 2026

Pre-University (PU) — Presidency PU College 2022

SSLC — St. Anne's High School 2020

INTERNSHIP

Full Stack Java Developer Intern — Cloud Institution, Bangalore

- Built full stack web applications using Core Java, Spring Boot, and RESTful APIs.
- Developed responsive front-end interfaces with HTML, CSS, and JavaScript integrated with Javabackends.
- Worked with MySQL for database design, CRUD operations, and Git-based version control.
- Contributed to live project modules covering user authentication, session management, and API integration.

PROJECTS

To-Do List App | [GitHub](#)

- Task manager built with HTML, CSS, and JavaScript supporting full CRUD operations.
- Uses localStorage for browser-side persistence, ensuring tasks are retained across sessions.

Movie / Anime Finder | [GitHub](#)

- Integrates OMDb API (movies) and Jikan API (anime) for real-time search with posters, ratings, and descriptions.

Skill-Up [Github](#)

- "Smart Student Management with Real-Time Analytics & Interactive Learning."
- "Track Attendance, Courses, Assessments, and Performance — All in One Platform."
- "Empowering Students and Admins with a Modern Digital Learning Experience."

Chat Application | [GitHub](#)

- Real-time messaging platform using Node.js, Express, and Socket.io for multiple concurrent users.
- Features live online status indicators and typing notifications.

Advanced Drone Detection System (ML + OpenCV) | [GitHub](#)

- Detects drones in restricted airspace using Machine Learning and OpenCV.
- Triggers real-time alerts via a Flask server dashboard.

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML5, CSS3, SQL, Python (basic)

Frameworks & Libraries: Node.js, Express.js, Socket.io, Spring Boot (basic), OpenCV, Flask

Tools & Platforms: Git, GitHub, VS Code, MySQL, REST APIs

Concepts: Full Stack Development, OOP, Responsive Web Design, RESTful APIs, Version Control, Machine Learning

CERTIFICATIONS

- [Oracle Certification](#)
- [IBM – Data Science](#)
- [TATA – Data Visualisation](#)
- [EBSCO Certification](#)

LANGUAGES & HOBBIES

Languages: English, Hindi, Kannada

Hobbies: Watching Movies, Gaming
